Hi Scott,

Here is the RTC for SO2 designations. The attached includes edits from both OGC and Carla Oldham. I left a few comments/edits in there for both yours and Mike's review.

Please note, I will have to go back and fix the table of contents page and some other formatting, but I wanted to go ahead and send you the document that you may review its content/substance.

I'm attaching both a clean and redline strikeout version.

Thank you,
